Dear Mark

On behalf of our charity I would like to thank you for your very generous donation of an auction prize to our Inaugural CBTF charity ball.

The evening was a great success and we have raised a stunning £22,000. This means we have gone over our first year target to raise £40,000 to fund a researcher at the Children's Brain Tumour Research Centre. Research at present is severely underfunded and our aim is to make a difference and save young lives. Brain Tumours are the biggest cancer killer in children, but this can change with help from people like yourselves.

Thank you again for the donation and support.

Kind Regards

Cheryl Davis  
Charity Trustee
